STATEMENT BY H.E THE PRESIDENT ON UGANDA'S FIGHTER-BOMBERS ATTACK ON ADF TERRORISTS

Ugandans, especially the Bazzukulu.

Greetings.

This is to inform you that yesterday, the 14th of October 2023, our fighter-bombers paid a visit to the ADF terrorists at 4 different points. These points were at: 72kms, 120kms, 69kms and 130kms from the border on the Bundibugyo-Semiliki side. It seems quite a number of terrorists were killed.

As a consequence, the terrorists are running from Congo which they thought was heaven and re-entering Uganda and trying to commit some random terrorist acts.

The attack on a truck carrying onions to the market across the border in Congo the other day, 12kms from the border near Bweera, Kasese, may have been by such elements.

The Public is, therefore, alerted to look out for strange People that come to your area. Report them to the Police that are nearest to

you. Even relatives that have been away for a long time and suddenly return. They may be part of the terrorists.

Signed:

YOWERI K. MUSEVENI

GEN. (RTD)
